Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule 1.322.

Respecting the alleged error(s) in Item [56], under Foreign Patent Documents, after inspection of the application, it is revealed that the section is printed in accordance with PTO record. On the PTO-1449, the examiner crossed out the information regarding "EP 0038244" and checked the no box under "Translation". Therefore, being no fault of the Patent and Trademark Office, no correction(s) is in order here under United States Codes (U.S.C.) 254 or 255 and the Code of Federal Regulation (C.F.R.) 1.322 or 1.323.

In view of the foregoing, your request in this matter is hereby denied.

Consult the examiner for further understanding.

Further consideration will be given in *this matter*, upon receipt of a reconsideration, with its corresponding fee of \$100.00, and supporting documentation.

Note: for future reference, if you obtain data that clearly shows the attorney/applicant is not in error, simply include proving documentation and associated post card receipts, along with the certificate of correction or reconsideration; this may decrease the processing time of your request.
